

ISP - ideal native-like proficiency

RSP - rudimentary proficiency of speaker

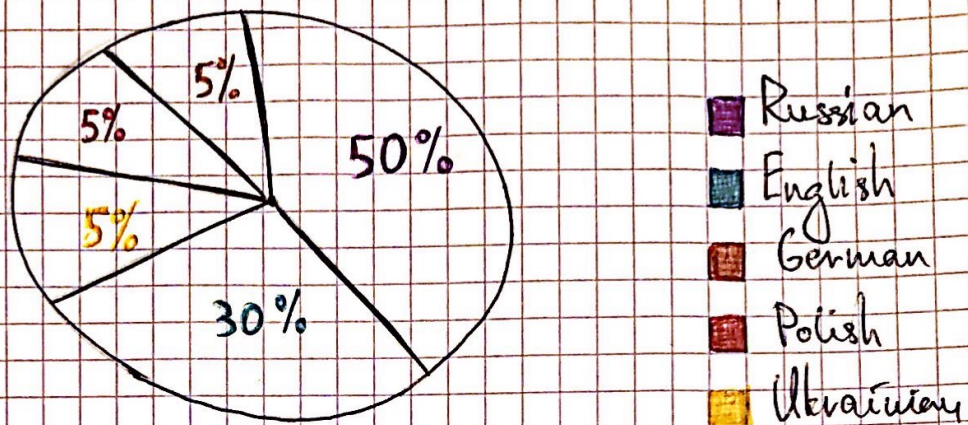

My multilingual profile presented with DMM

My multilingual profile on Dominant language constellation

# My multilingual motili's development (DLC)

## Short description of my multilingual profile

Since I was born in Russian-Ukrainian family, I started to acquire both Russian and Ukrainian. Later on, I was studying both languages at school.

At the age of 4, I started to learn English, however, on a very basic level.

At the age of 6, I started to attend a school. At school I was learning English daily, and in the time of high school, I realized I wanted to master my English.

Moreover, in my high school, I chose to learn something else apart from English, therefore, I started to learn German language, as my school provided us with this option.

In 2020, I moved to Poland. Here  
in Poznań, I started to acquire Polish  
language. Since my mother tongues are  
both Russian and Ukrainian, learning  
of Polish language is going smoothly.  
I love Polish.
